Sir,

The 1-month period is an error. A shortened reply period of 3 months should have been indicated.

I will make this reply of record. Note it in your reply as justification for not paying for the second and third months.

I apologize for the extra labor that my oversight caused you.

Sincerely,

Don Champagne, AU 3622

Examiner Champagne:

We recently received a first office action in this case mailed 9/11/2006. The Office Action Summary sheet (PTOL-326) states a 1 month shortened statutory period which seems unusual for a first action on the merits. Can this time period be changed or the period for response restarted.

Regards,

Stuart T. Langley
